Acceptable Use of Technology for Staff, Visitors and Volunteers

Staff Acceptable Use of Technology Policy (AUP)

As a professional organisation with responsibility for safeguarding, all members of staff are expected to use Sissinghurst CE (VA) Primary School IT systems in a professional, lawful, and ethical manner. To ensure that members of staff understand their professional responsibilities when using technology and provide appropriate curriculum opportunities for pupils, they are asked to read and sign the staff Acceptable Use of Technology Policy (AUP).

Our AUP is not intended to unduly limit the ways in which members of staff teach or use technology professionally, or indeed how they use the internet personally, however the AUP will help ensure that all staff understand the school expectations regarding safe and responsible technology use and can manage the potential risks posed. The AUP will also help to ensure that school systems are protected from any accidental or deliberate misuse which could put the safety and security of our systems or members of the community at risk.

Policy scope

1. I understand that this AUP applies to my use of technology systems and services provided to me or accessed as part of my role within Sissinghurst CE (VA) Primary School both professionally and personally. This may include use of laptops, Chrome books, mobile phones, tablets, digital cameras, and email as well as IT networks, data and data storage, remote learning and online and offline communication technologies.

Reasonable personal use of setting IT systems and/or devices by staff is allowed in accordance with school safeguarding policies and can be revoked at anytime should this be abused in anyway.

Data and system security

6. To prevent unauthorised access to systems or personal data, I will not leave any information system unattended without first logging out or securing/locking access.
 - I will use a 'strong' password to access school systems. A strong password has numbers, letters and symbols, with 8 or more characters, does not contain a dictionary word and is only used on one system. Passwords should be changed if there is any concern that they are no longer secure and should be changed at least once per school year ideally 3 times per school year.

Acceptable Use Policy (AUP) for Remote/Online Learning

KCSIE states “Schools and colleges are likely to be in regular contact with parents and carers. Those communications should be used to reinforce the importance of children being safe online and parents and carers are likely to find it helpful to understand what systems schools and colleges use to filter and monitor online use. It will be especially important for parents and carers to be aware of what their children are being asked to do online, including the sites they will be asked to access and be clear who from the school or college (if anyone) their child is going to be interacting with online”.

This policy specifically addresses safer practice when running formal remote/online learning, including live streamed sessions, but can also apply to other online communication, such as remote/online parent meetings or pastoral activities.
