- ◆ Assessment week in May

RE

Judaism:

- Special objects in the Jewish home
- Shabbat
- Mezuzahs

OUR LEARNING AT SCHOOL

In our topic about George's Marvellous medicine we will learn about adverbs and how they simply add more information to the verb.

We will remember our previous work on writing instructions and use this to plan a set of instructions for making our own medicine for Grandma.

We will then write descriptively to describe what happens when Grandma gets the medicine!
